June 27, 2022

Dear Bidi Peds Families,

I am disappointed to announce that **as of January 1, 2023, Bidabadi Pediatrics will no longer be accepting United Healthcare/Oxford/UMR or any associated insurances.** This was a difficult decision because it affects many of our families. Despite my numerous efforts, United Healthcare and their affiliated insurance companies have been very difficult to communicate and work with; they have left me with no other option. I did not make this decision lightly, as I value caring for your children and my relationship with all my families.

I wanted to make this announcement early enough in the year so you would have options. The practice does accept most major private insurances. You may visit our website, www.bidipeds.com, for a list of insurances we still participate in. If you currently have United Healthcare/Oxford/UMR and choose to change insurance to one in which we participate, I will be able to continue caring for your child(ren). If you currently do not have United Healthcare/Oxford/UMR, I recommend you try your best not to change your insurance company so that I may continue caring for your child(ren). However, I am aware this is often out of your control.

I understand that changing insurance may not be an option for many of you. I deeply regret losing any patient as a result of this decision. However, if you cannot change insurance and need to seek a new pediatrician, I do understand. Please be mindful of the January 1, 2023 date. I do not want your children to have any gap in their care. Once you decide which practice you will be transferred to, please notify us so the office can get your records together for transfer.

If you have any questions or want more information regarding your options, don't hesitate to contact the office; my staff will gladly assist you.

I apologize for any inconvenience this may cause and appreciate your understanding. Thank you for allowing me to care for your children.

Sincerely,
Dr. Bob
